

To whom this may concern,

**PAN-AFRICAN COUNCIL LETTER OF ENDORSEMENT OF THE 6TH REGION African  
Diaspora 6th Region Elections**

The United Negro Improvement association & African Communities League UNIA & ACL is endorsing the process for the African Diaspora representatives to the African Diaspora 6th Region Elections Assembly as an individual organisation representing the European region at the African Union's Economic, Social and Cultural Council (ECOSOCC).

The UNIA & ACL is an organisation based on doing for self as race via leadership, economic development, through universal nationalism. The aim is to have a united brotherhood and sisterhood among the race; to promote race pride and love; to assist the needy; to aid in the abolishment of alien control in the whole of Africa; to establish diplomatic agencies in the principal countries and cities of the world for the representation and protection of all members of the race; to build educational institutions in Africa; to conduct worldwide commercial and industrial intercourse for the good of the race; to improve conditions in all Black communities. And, our slogan is 'Africa for the Africans, those at home and those abroad'.

With that said we (UNIA & ACL) stand firmly with the AU- ECOCOC and its rights to represent and have a presence in the diaspora to be included in the Twenty representatives to be around the round table.

It is therefore in this spirit that I on behalf of the UNIA & ACL wish to formally endorse the nomination process proposed during the Town Hall Meeting of the 6th Region Elections and the global zoom meeting at the next meeting.

This approach will effectively guide the subsequent steps towards the final selection and election of the 20 representative seats designated for the 6th Region. The 6th Region represents the global African Diaspora, and the process recommended has demonstrated a comprehensive and inclusive approach to engaging stakeholders across the Diaspora. The process aligns with the principles of transparency, inclusiveness, and accountability, which are critical in ensuring fair representation of the diverse voices of the Diaspora.

We are confident that this process shall lead to the selection of qualified and committed individuals who will positively and effectively represent the interests of the African Diaspora.

We fully support this initiative and are happy to participate within a team of regional leaders for the Americas and/or support in any of the other regions where we have representation who may be in a position to help to facilitate this process. The 6th Region would benefit greatly from your rich expertise and experience which stems from a leadership, legal training and vast experience.

Yours Sincerely.

Nyasha Brown  
Secretary  
UNIA ACL London Division 284
